

Critical Information Summary: Business Line ISDN 10 20 30

Information About The Service

Business Line ISDN 10 20 30 provides an ISDN (Integrated Services Network) voice and data service. Each ISDN 10 20 30 supports 10 20 30 voice calls respectively.

Bundling Requirements

Business Line ISDN 10 20 30 is for the Fixed Line Service only. A Bolt on Call Rate Plan must be selected. There are no bundling eligibility requirements for this plan.

Minimum Term

There is no minimum term with this service if churning an existing service to us. For any new connections, minimum term is 3 months from installation.

What's Included and Excluded?

Your monthly access fee provides access to the service, but excludes all calls. Additional charges apply for all other call types.

Availability and Qualification

You can choose Business Line ISDN 10 20 30 if you have an ABN or ACN, are billed directly by us for access and local calls, and pre-select us for national long distance, international calls and calls to mobiles.

You can get an ISDN Primary Rate Service if your local exchange has the technical capacity to provide the service and your premises are not so far from the exchange that transmission losses are above levels we consider acceptable. There also needs to be enough local cable available.

Equipment

TGEN does not offer equipment as part of this plan.
