

Critical Information Summary: MyPBX

Information About The Service

MyPBX is a Voice Over Internet Protocol Service.

Your plan is for a post-paid Hosted Voice Phone system service. It gives you access to our network, a phone number, and lets you make and receive calls from your Hosted PBX service to other landlines and mobile phones

In order to access the Service, you will need a dedicated fixed line broadband Internet connection, such as ADSL 2+.

We recommend that the service be accessed with hardware supplied or approved by us, using a broadband ADSL2+ or SHDSL service supplied by us to our specifications.

Bundling Requirements

No bundling requirements for this service.

Minimum Term

There is no minimum term with this service.

Availability

You can choose MyPBX if you have an ABN or ACN, are a business customer. MyPBX requires an active internet connection. Although not compulsory, TGEN recommends using a TGEN ADSL or SHDSL connection.

What's Included and Excluded?

The following calls are included in your plan for **no additional charge**;

- **Inter-Office calls (Calls between numbers on the same customer account and IP Telephony Network).**

Additional charges apply for all other call types.

Equipment

Although not compulsory, TGEN offers equipment in conjunction with this plan. To make calls you will need IP Telephone Handsets to connect to the Ethernet port of your ADSL2+ modem router, or an alternative Gateway device.

Information About Pricing

Minimum monthly charge

Your minimum monthly charge is \$22.50 – This is for MyPBX system, \$12 plus one user, \$10.00 and one Direct number. You pay an additional amount of \$10.50 per month for each additional user and

number. You pay an additional amount for the calls you make each month, which are not included in the minimum monthly charge.

Included Calls

Calls between MyPBX users on the same account are included in the monthly charge.

Early Termination Charge (ETC)

There is no ETC. Service can be cancelled at any time, pro rata charges for monthly usage.

Billing

Your service is invoiced on the same date each month (e.g. 15th of every month). We bill you in advance for the minimum monthly charge and in arrears for calls not included in the minimum monthly charge. Your first invoice will be higher because it will include a partial Monthly Fee billed in arrears (for the period between your service activation and your first invoice) plus the Plan Fee for the following month billed in advance.

Other Information

TGEN's MyPBX is a Voice over Internet Protocol (VoIP) service and requires a suitable Terrestrial Broadband Internet Connection. The service including '000' dialling, will not function in the event of a power failure or disruption or an Internet outage. If there is an interruption to the power supply, the service, including '000' dialling will not function until power is restored. Digital Phone Service is not suitable if you are a customer with a serious illness or life threatening condition, if you require disability services, if you have a back-to-base home alarm system or if you require an uninterrupted phone line.
